Head's Message

Dear Parents

It has certainly been a chilly week! Thank you for sending your children in to school well wrapped up, so that they can enjoy learning outside the classroom and playing with friends at break times. If you could make sure that gloves, hats and scarves are named as well as coats, that would be appreciated, as we always tend to end up with a spare lonely glove!

We have been proud of the children again this week, with everyone working hard in their lessons, some children trying new things in after school clubs, and some of our older pupils representing the schools in a basketball competition- and doing brilliantly well too. We are so pleased to be able to share these experiences with your children and aim for everyone to have the opportunity to represent their school at least once.

Next week sees the Manor Adventure outdoor residential taking place. Please bear with us if we are slower in responding to you than we would usually, as we will have some members of staff accompanying the children on this trip. Please be assured that this will not effect the offer in school, and your children will still have enough staff in place to ensure that their learning, and safety, is not impacted upon. Remember that most clubs will not take place next week due to staff absence.

Thank you to the parents who managed to join us at either school for our reading workshops. The children were very happy to be able to spend time on different book activities with their grown ups, and we hope that you have some ideas for things to try at home. More information on Seesaw to follow.

Cases of measles are still prevalent in the West Midlands and on the rise again. Details of this nasty illness and initial symptoms can be found in our 'In Brief' section.

We are also very proud that the Federation has been awarded TIASS Bronze status which is in recognition of our effort to construct settings where resilience is promoted and where the most vulnerable children are able to recover from trauma using emotion coaching.

Finally, can I remind you of the Rotary competitions we are invited to take part in. The entries can come in to school any time, you don't ned to wait until half term. If you have any questions about these, please get in touch.

Wishing you a safe and happy weekend,

Mrs. R. Nash & Mr Battrick

Attendance Award

This week's attendance award goes to **Class 5** with an attendance total of 99..3%

Total School Attendance 96.3%

Trauma Informed Attachment
Aware School (TIAAS) Programme

ARC Chair

In Brief

Two poems written by pupils in response to our Worship theme of Courage this week:

Creative thinking
Open- minded
Use words in a new way
Read, research and run
Always keep writing
Give it all you got
Effort into editing
Overcome your fears
Untangle your thoughts
Stuff your brain with wonderful ideas.

By Kaylin

Come out of your comfort zone
Open up your strength in your heart
Use your courage when needed
Rise up and be yourself
Awakening your strength
Grow with that courage
Every day is a blessing

By Bea

We've been asked again by the Local Authority to share the following message with parents:

Cases of measles are increasing in the UK, including in the West Midlands, and it's likely that there will be cases in Telford in the near future.

Measles is a viral illness that can be serious and sometimes fatal. Spending 15 minutes with someone with measles is enough to get the virus. Symptoms of measles include high fever, runny nose, cough, red and watery eyes, small red spots with a bluish-white centre inside the mouth. A rash can appear later, usually on the face, upper neck, hands and feet, fading after 5 to 6 days. If you've not been vaccinated against measles you can be at risk, but it's most common in young children. Someone with measles can spread the virus up to 4 days before a rash appears, and up to 4 days after.

Measles can have serious and sometimes fatal consequences, so make sure you and your children are up to date with MMR vaccinations, and ask your GP about catch-up jabs if needed. The MMR vaccine is highly effective at protecting against measles.

If you are unsure if your child is up to date with all their routine vaccinations you can check their Red Book (personal child health record) in the first instance. If you are still not sure, or if you need to bring your child up to date with their vaccines, you should contact their GP practice to check and book an appointment.

If you are concerned that your child has measles, please call your GP in the first instance, to reduce the risk of passing the disease to others in the waiting room. More information on measles can be found here and information on the MMR vaccine can be found here .

Some fantastic work by Evie and Millie in Class 3. Here they are writing a newspaper report about a volcanic eruption in Tibberton! Sounds a bit close to home for our liking. Well done to all of Class 3 as their writing shows increasing maturity. You've made Miss Griffin very proud!

Shrewsbury Star

TERRIFIC TIBBERTON IN is left RUINS!

People [illegible] their own feet! Then on Monday there was a high rumbling sound... RUMBLE! RUMBLE! RUMBLE! And mysterious holes grew in the ground. On

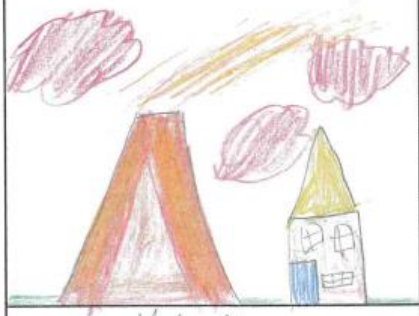
This is the picture of the volcano.

On Tuesday, an enormous volcano erupted in Tibberton. Tibberton was left in ruins!

Signs of the volcano appeared around Saturday lunchtime when there was a low rumbling sound. The next day on Sunday the ground was shaking. It was shaking so much it knocked

Tibberton Times

Vident Volcano Erupting



Volcano

On Friday the volcano erupted and Tibberton was left destroyed. Nothing could be made again because people had been killed and things were broken to bits everywhere! Because the hospital got burnt down, people were left on the floor in pain until Thursday until they were found scattered around the floor.

On Tuesday, a massive volcano erupted over TINY Tibberton. After a few minutes it was gone!

Signs of the volcano started when there was a low rumbling and it started to get very hot. People looked but didn't see what was happening that lunchtime and they went back to what they were doing. That same evening smoke came out of the earths little holes called volcanos which got very hot!

Emaciated, aged 15, explained "There was mothers were everywhere" Casper, aged 91, said all of the good is built to a crisp!" Violet, aged 21, lamented "Nobody can live now We are doomed!" Poppy, aged 12, announced "pens homes, books have been lost" Ollie, aged 3, declared "all of the houses have been destroyed!" Sam, aged 14, said "six people have been killed today". Charlotte, aged 14, said "people have been forced to leave.

Collection arrangements

We are getting an increasing number of requests for ad hoc collection arrangements coming through the office – sometimes late on in the afternoon. We do appreciate that plans change with busy lives and work commitments, and we will always work with parents to adapt to changes.

However, we do request that if changes are made, we can have any arrangements in writing at the beginning of the day or if by phone by lunchtime. If someone other than a parent or regular responsible adult is collecting, we will request a safe word arranged. This is to ensure that we can safeguard children as we will always err on the side of caution with collection arrangements.

We appreciate your support in this matter.

Basketball Tournament

A huge well done to the Year 5/6 Basketball team who took part in the Telford and Wrekin tournamnet on Tuesday.

Our superstars managed to claim gold medal and 1st place without losing a game.

Congratulations also to St Lawrence who achieved a fantastic 4th place.

Great work everyone!

Dates for your Diary

22nd – 26th January	Year 5 & 6 Residential Trip
22nd – 26th January	Y7 Adams Grammar Open Week
5th February	Interfaith week
7th February	Chinese New Year Plate Painting
8th February	Class 2 educational visit to Sealife Centre
